

# *CONGRATULATIONS!*

**Congratulations on completing the College Positive Volunteer (CPV) training and certification process!**

You are now a support person who can help K-12 students take steps toward postsecondary education. You can also train volunteers to become CPVs since you have now been exposed to the content.

Don't forget to visit Campus Compact's website, which contains updates and helpful resources, including CPV activities that you can modify and share. You can also contact Campus Compact for more information.

CPV Toolkit Link: <http://compact.org/initiatives/college-positive-volunteerism/college-positive-volunteerism-toolkit/>

**While working with K-12 youth, always remember the CPV Mindset and Motto!**

## **THE CPV MINDSET:**

The belief that college is attainable for all students and that you are willing to do whatever you can to help those students prepare for and enroll in college.

## **THE CPV MOTTO:**

CPVs do not ask: "Are you going to college?" Instead, they ask: "Where are you going to college, and how can I help you get there?"
