

## **Universidad de Monterrey Newman Civic Fellows Nomination Process**

- As soon as the information is available on the Campus Compact website we launch our own internal announcement open to all of our university students.
- We have Google forms survey that they fill out with their personal information and that of their social project (very similar to what is asked in the CC website).
- Our deadline is a month before that of Campus Compact.
- Once we have all of our candidates, we review each one and select the top 3 according to an evaluation rubric we designed. The top 3 winners are then submitted to the Rector (President) who makes the final decision.
- Once we have a final candidate, we submit it to Campus Compact prior to the established deadline.
- All the students who participated receive an official UDEM letter thanking them for their participation.
- If we do have Campus Compact winner, he/she receives their certificate in a special ceremony with our Rector (President).
